

FOCUS ON HOME DESIGN APPÉTIT

This annual event showcases unique, one-of-a-kind dining spaces created by the metro's most creative minds including architectural firms, interior designers, colleges and collaborative design teams. The event raises money for Focus on Home, an Oklahoma City charity that helps families living in sub-standard environments or transitioning out of homelessness. Focus on Home collects and repurposes gently used furniture and housewares to help furnish the family's home.

Interested in entering a team or supporting the Spring 2018 event?
